

EasyScience

A framework for unified ~~neutron~~ scattering data analysis

Andrew Sazonov · ESS 🇸🇪 · DMSC 🇩🇰

CORE MODULES

easy
science

objects, parameters, engines

backend

easy
application

screens, workflow, controls

frontend

DOMAIN-SPECIFIC PROJECTS

easy
diffraction

diffraction

analysis

running

easy
imaging

Bragg-edge imaging

analysis

new

easy
shapes

molecular structure

modelling

new

easy
reflectometry

reflectometry

analysis

running

easy
dynamics

quasielastic scattering

analysis

new

easy
texture

crystallographic texture

reduction

external

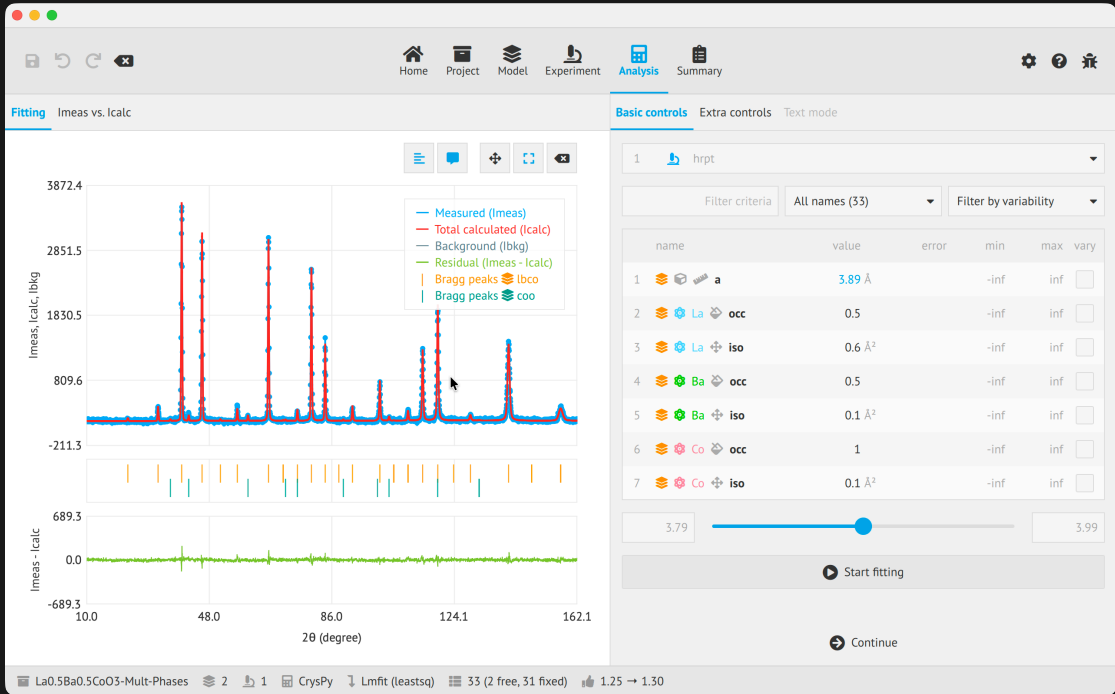

Same screen, different technique

Only the science differs.

a powder pattern and a crystal structure

a reflectivity curve and a layer stack
